

»» On this page, you can search for factories that our member brands source from.

It's important to note that **this list comprises of factories our member brands have agreed to disclose**, and does not represent the entire list of factories within the scope of Fair Wear from which our members source. We hope to be able to disclose more factories, pending the approval of suppliers at the request of our members.

This is also not a list of factories that Fair Wear has audited. Member brands are responsible for their own supply chain monitoring system and following up on possible issues related to their suppliers.

To begin your search simply type in a factory name or parent company name.
